

PRESS RELEASE – FOR IMMEDIATE RELEASE AND PUBLICATION

****Recall of Mayor Daniel Rodrick – A Movement for Change is here!****

****Toms River, NJ – Recall Of Mayor Daniel Rodrick: A Movement for Change is Here!**** Residents of Toms River are coming together to launch a crucial recall effort against Mayor Daniel Rodrick! It's time to take a stand and demand accountability from our leadership after a series of alarming decisions negatively impacting our town's security, safety, and property values, not to mention deterring businesses from investing in our town's future success.

Since stepping into office, Mayor Rodrick has made troubling choices sparking concern among our residents. Here's a glimpse of what's been happening:

****Dramatic Cuts to Essential Services:**** Mayor Rodrick drastically reduced funding for our police force, jeopardizing the safety we all cherish. To add insult to injury, he closed Silverton EMS, leaving our residents at a disadvantage during emergencies.

****Closure of the Animal Shelter:**** The shutting down of our local animal shelter is a crushing blow to the welfare of our furry friends and the dedicated volunteers who tirelessly support them. We cannot let this stand!

****Locking Out Just Believe:**** The Mayor's decision to bar Just Believe from accessing the Code Blue Facility at Riverwood Park reveals a shocking lack of compassion for the vulnerable in our community who rely on these critical services.

****Mass Layoffs Rock Our Town:**** Over 70 dedicated employees have been dismissed or resigned under his "leadership", destabilizing our local government organization and its ability to serve residents effectively.

****Taxpayer-Wasted Transportation:**** The Mayor's daily commute to his teaching job in Middletown on the taxpayers' dime is unacceptable and shows not only a lack of commitment to our town ordinances, but flat-out violates our laws. Mayor Rodrick must be held accountable for prioritizing his interests over the needs of Toms River!

****Regressive Zoning Decisions:**** Just when hope was on the horizon to revitalize Downtown, the Mayor made the nonsensical decision to revert Downtown to outdated pre-2017 zoning regulations. This move paves the way for private schools, fast food chains, and warehouses, while outright excluding restaurants, breweries, and distilleries. This is unacceptable and severely limits our community's vibrancy!

****Neglect of Housing Values and Code Enforcement:**** Approval of houses of worship in residential zones, combined with lax enforcement of rental properties, is driving down property values and threatening the quality of life in our neighborhoods.

But we are not sitting idly by! We are igniting a wave of change, starting now! Our coalition of passionate citizens is mobilizing to educate every resident about the significance of this recall effort and the petition process. Our goal? To gather a minimum of 18,500 signatures to set the recall election in motion! The time is now!

As we prepare to file our petition of intent, it is essential for residents to thoroughly understand the implications involved. Once we submit the petition, we will have a period of 160 days to engage and secure the support of at least 25% of registered voters. This represents a significant opportunity for us to work together toward shaping Toms River's future, ensuring that our leadership embodies the values and needs of our community.

Join us in making our voices heard! Let's stand united for integrity, accountability, and smart leadership in Toms River!
